Hey there,

XYZ here…

...the XYZ (guy/girl) who wrote the "XYZ" book.

Here's what's going on:

I didn't have a "big launch" in plan for this book.

What I did was literally create A SINGLE Facebook post informally announcing that I had written a book about XYZ…

...And INSERT BENEFIT HERE…

So the next thing I know…

...Word got out and I guess people shared it in various Facebook groups and a flood of people rushed to order the book.

Which is cool and all - I was on my way to becoming
a best selling author…

BUT here's a very small problem…

You see...we kind of didn't plan on the thing taking off and didn't notify Stripe (our merchant provider) that we would be doing "volume" with our book.

Anyway…

Once we hit a certain amount of sales - they started blocking all new orders from coming in…

...Which makes sense - it freaked them out to have a new account go from ZERO to hundreds of orders within an hour.

Which means, that...you along with a few others couldn't get in.

In either case here's what I'm going to do to make up for it, I'm holding a spot just for you!

You can get it here:

And as expected - I got a TON of questions from people about the XYZ book.

When I say a TON…

I'm talking about solid 300+ emails.

And instead of writing to reply each and single email.

I decided to just write this email that answers MOST of them.

Email #4

Subject:

Are you in or are you OUT?

Body:

YOUR NAME HERE here,

And I want to ask you a VERY serious question…

Are you IN or are you OUT?

Here's what I mean:

Often times, we find ourselves "in between decisions".

We tend to live in the world of MAYBE's.

And you know what…

The most successful people all have one thing in common.

And that one thing is...being VERY decisive.

So you should make a decision…

...The decision if you want to XYZ or not.
