Hey there,

YOUR NAME HERE here…

...and I just want to check in on you to see how you're coming along with the BOOK TITLE HERE and if you're getting a TON of value from the book?

I also want tell you about the reason I created the OTO 1 NAME HERE

After writing the BOOK NAME HERE book and writing XYZ solid pages of content.

I felt the book was short enough to be readable and long enough to give a lot of context on how everything works.

But yet I had quite a few people email me and hit me up on FB asking for "more".

And by "more"...I mean that they just wanted to know all of the details of how everything works.

Details which I couldn't put in the book itself.

Not because I didn't want to, but because it was not practical.

So what I did instead was create the OTO 1 NAME HERE.

It's designed to XYZ.

You can get more details here:

Btw...The OTO 1 NAME comes with a 30 day guarantee.

If you're not happy for any reason - just let me know and we'll fully refund you right away.

This is designed to help you XYZ

Body:

Hey there,

XYZ here…

So yesterday - after sending out the Q&A email about OTO 1 NAME HERE

Quite a few people joined - which is great.

And I noticed after they signed up many kept saying “This helped me BENEFIT HERE”.

And at first - I honestly didn’t “get it”.

But after 8 of them came in…

It finally “clicked”.

Basically - there are two types of people that buy the XYZ book.

The 1st type is the “Do it yourself type”.

They’ll read the book, get going, figure things out on their own and then start XYZ.

Some are better than others at this.

The type 2 are the types that read the book.

Realize just how powerful the information is and then want to launch fast as humanly possible with as few mistakes as possible.

And the type 2 opts in for the OTO 1 NAME HERE.

Basically, to minimize the errors and get to the point where they're getting results with the system FAST vs "figuring things out".

If you're the type 1 then keep on and let me know if I can help you in any sort of way.

If you're the type 2 - you can go here:

And grab OTO NAME HERE .
