Call Watch History Sheet

I never remember what calls I did and didn't watch and it can be hard to go back and find something when there is so many calls. I created my own sheet to track the calls I've watched, add notes and other resources. Made a simple template here: https://docs.google.com/spreadsheets/d/1vchLOaKquUNtoz338qARejOejnwcVeSeNIoMGkKEJTE/edit?usp=sharing
